

## Make Redlands Noon Rotary Club #1 in Compassion!

We're partnering with LifeStream Blood Bank in a friendly competition with other local Rotary Clubs to give the gifts of hope, life and comfort to local surgical and cancer patients; accident, burn and trauma victims; even newborn babies!

**Set an appointment and donate blood March 1-31 at any LifeStream location at [LStream.org/rotary/](https://LStream.org/rotary/). IMPORTANT: Give the code **ORNO** at registration so YOUR good deed is credited to our club! LifeStream will award a permanent memento to the club with the most participation!**

A few facts about blood donation:

- Donors must be at least 15 years of age (15- and 16-year-olds require signed parental consent; forms are at all blood drive locations); weigh at least 115 pounds, and feel well.
- Donors should maintain their regular meal schedules and increase their fluid intake (water is best) in the 48 hours prior to donating.
- Donors (LifeStream staff, too) are required to wear face coverings, and submit to temperature checks and verbal COVID-19 symptoms checks before accessing donor waiting areas. LifeStream enforces 6' social distancing guidelines and has enhanced already strict cleaning and disinfecting protocols.

Be heroes! Be lifesavers! Be blood donors! Let's WIN for local patients in need!

Can't give blood? You still can support LifeStream and local patients by making a small contribution to **LifeStream's 2 for 2 Community Campaign**. Monies raised from this campaign will help LifeStream replace two old bloodmobiles and ensure they continue "going to the donor" in full force. For more information, go to [LStream.org/newbus](https://LStream.org/newbus). Checks should be made payable to "LifeStream Blood Bank" (note "2 for 2" in the memo section) and forwarded to our treasurer. (Your contribution may be tax deductible under the extended CARES Act provisions. Check with your tax adviser.)

**Questions? Contact LifeStream at 800-879-4484 ext. 659**
